

AHA Advanced Cardiac Life Support Recertification

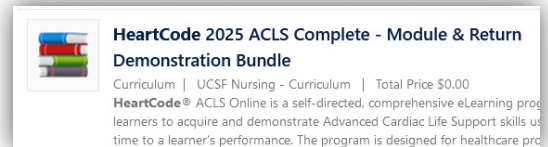

New AHA ACLS recertification Opportunity

We have been working with American Heart Association (AHA) to bring a new ACLS recertification opportunity to our ACLS required nursing staff using our existing Nursing connect learning management system.

How does it work?

If you choose to use this option, there are three steps:

1. Log onto Nursing Connect, search for: “**HeartCode**”, and enroll in the ACLS Curriculum
2. Complete the self-paced e-Learning (around 6 hours)
3. Upon completion, sign up within the curriculum for a return demonstration session located at the UCSF Nursing Innovation and Education Center.
2001 The Embarcadero, San Francisco, 94133
First floor, Suite 1100

What about other BLS, ACLS, PALS, or NRP options?

Our local vendor will continue to offer a menu of BLS, ACLS, PALS, and NRP learning opportunities. These programs will continue to be offered through the regular registration process on CareLinks: <https://ucsf.cprcpr.com/index2.php>
